Inclusive Beauty Options Online at Shoppers Stop

- ### Women's Makeup & Skincare Range

  Lakme for Women primarily caters to women's beauty needs, offering an extensive range of makeup lipsticks, foundations, eye makeup tailored to enhance natural beauty and suit daily wear as well as special occasions. Its product formulations and shade ranges are thoughtfully designed for Indian skin tones and preferences, which makes it appealing to a broad spectrum of women across age groups. The brand's history and legacy have nurtured trust among women who have grown up using Lakme over generations.

- ### Unisex Skincare & Broader Appeal

  Though makeup is targeted largely at women, many of Lakme's skincare products such as moisturizers, sunscreens, face-washes, and gels are versatile enough for anyone seeking basic skin care. This gives Lakme a wider appeal beyond just makeup users, extending to individuals interested in daily skin maintenance, sun protection, or simple skincare routines.

- ### Suitability Across Age Groups

  Lakme's portfolio includes products suitable for younger users looking for trendy makeup as well as older customers preferring gentle skincare and classic cosmetics. Its range from affordable everyday products to premium collections ensures that people from different age groups and lifestyles find something relevant.

Everyday Users vs. Makeup Enthusiasts / Professionals

Whether you prefer a minimal everyday look or enjoy experimenting with bold, fashionable makeup, Lakme caters to both. The brand's mainstream lines serve daily wear and convenience, while premium and "Absolute" collections offer richer pigments, longer wear, and more sophisticated finishes making them suitable even for makeup enthusiasts or semi-professional use.

1. Lakme Makeup Products

    - Lakme Lipsticks

      Lakme lipsticks are one of the most popular categories in the brand's portfolio because they combine rich pigments with smooth, long-lasting formulas. Whether you prefer matte, satin, or glossy finishes, Lakme offers multiple collections that cater to different makeup styles and occasions. The colour range includes everyday nudes, deep reds, berries, corals, browns, and bold fashion shades, making it easy for users to find their perfect match. Each lipstick is designed to suit Indian skin tones, ensuring the shades look natural, flattering, and well-blended on diverse complexions. Lakme lipsticks are perfect for daily wear, office use, festive events, or glamorous evenings, giving users the freedom to express their style through colour.

    - Lakme Foundations, Concealers & Base Makeup

      Lakme's base makeup products are ideal for users seeking smooth, even-toned, and natural-looking skin. Its foundations, CC creams, and concealers are formulated to provide buildable coverage that enhances the complexion without feeling heavy. Lakme specifically designs base products to withstand Indian weather, ensuring they stay fresh and comfortable even in humid or warm conditions. The brand offers multiple shades that suit fair, medium, and dusky skin tones, making shade-matching easy and reliable. Whether someone wants light everyday coverage or a more polished, full-coverage look, Lakme's base makeup helps achieve a flawless finish.

    - Lakme Eye Makeup

      Lakme eye makeup includes kajals, eyeliners, mascaras, and eyeshadows that help create expressive and defined eye looks. The brand's kajals and eyeliners are especially popular because they provide intense black colour payoff and long-lasting wear suitable for the Indian lifestyle. Lakme's mascaras are designed

to volumize, lengthen, and lift the lashes without clumping, allowing users to enhance their eyes effortlessly. Their eyeshadows come in versatile palettes ranging from metallics to mattes, suitable for soft daytime looks as well as bold evening makeup. Lakme eye makeup products are easy to apply, beginner-friendly, and crafted to stay smudge-proof throughout the day.

2. Lakme Skincare Products

○ Lakme Moisturizers & Hydration Range

Lakme moisturizers are formulated to provide hydration without making the skin oily or sticky, making them ideal for daily use. They contain ingredients that help strengthen the skin barrier, improve texture, and maintain moisture levels throughout the day. Lakme offers lightweight gels, nourishing creams, and multi-benefit moisturizers for dry, oily, and combination skin. These products are made to work well in Indian climatic conditions, especially where humidity or heat can affect skin comfort. Consistent use of Lakme moisturizers helps keep the skin soft, glowing, and well-nourished.

○ Lakme Face Wash & Cleansing Products

Lakme face washes effectively cleanse dirt, oil, and impurities while keeping the skin fresh and balanced. They are formulated for various skin types, including sensitive, oily, and dry skin, making them suitable for men and women. The cleansing formulas help prevent breakouts, refine pores, and improve overall skin health when used regularly. Lakme designs these products to be gentle enough for daily use while still delivering deep cleansing benefits. Whether you need a mild daily cleanser or a refreshing gel face wash, Lakme’s lineup offers something for everyone.

○ Lakme Sunscreens & SPF Products

Lakme sunscreens offer broad-spectrum protection against UVA and UVB rays, helping users prevent tanning, pigmentation, and sun damage. The formulas are lightweight and fast-absorbing so they do not leave a white cast or greasy texture on the skin. Lakme offers tinted sunscreens as well, which provide a slight coverage to even out the complexion while protecting the skin. These sunscreens are ideal for daily outdoor exposure and are crafted to work well in hot, humid climates. Applying Lakme sunscreen regularly helps keep skin healthy, protected, and youthful.

3. Lakme Special & Premium Collections

- Lakme Absolute Range

  The Lakme Absolute range is the brand's premium collection offering high-performance, long-wear makeup and skincare. These products are formulated using advanced ingredients and technology to deliver superior coverage, richer pigments, and smoother textures. The Absolute range is designed for both everyday luxury and special events, making it popular among makeup lovers. Many products in this line include features such as water-resistance, higher durability, and professional-grade finishes. For users wanting refined, camera-ready results, the Lakme Absolute range provides reliable, sophisticated options.

- Lakme 9to5 Range

  Lakme 9to5 is built for busy users who need long-lasting makeup that stays fresh from morning to evening. The products in this range offer matte finishes, light textures, and comfortable wear suitable for office hours and daily routines. The lipsticks, compacts, and foundations in this series resist smudging and fading, making them perfect for long-duration use. This range is especially popular among working professionals who want simple, elegant, and time-efficient beauty solutions. Lakme 9to5 products balance convenience, performance, and affordability exceptionally well.

- Lakme Trend-based & Seasonal Collections

  Lakme frequently introduces trend-based collections inspired by fashion seasons, festivities, or global beauty trends. These collections include new finishes, updated shades, or limited-edition palettes that help users experiment with fresh looks. They allow Lakme to stay relevant in the ever-evolving beauty market and appeal to younger, trend-conscious consumers. The formulas in these collections often incorporate shimmer finishes, metallic tones, or bold pigments ideal for festive or glam makeup. Users who enjoy changing their style with seasons appreciate the creativity and modern edge of these offerings.

Lakme Colours for Every Skin Tone Available Online at Shoppers Stop

- Lipstick Shades Diverse & Inclusive

  One of Lakme's strengths is its array of lipstick shades from soft nudes to bold reds, pinks, plums, and more. This allows users to choose shades according to their mood,

occasion, or personal style, whether for understated everyday looks or bold evening makeup. The diversity ensures there are options for varied skin tones, from fair to deeper complexions.

- ### Base Makeup Shades for Indian Skin Tones

  Lakme understands the diversity of Indian skin tones and offers foundation, creams, and base products in multiple shades to match fair, medium, dusky, or olive complexions. This helps in achieving a natural finish rather than a mask-like effect an important aspect for realistic, wearable makeup.

- ### Eye Makeup & Other Product Colors

  Beyond lips and base, Lakme's eyeshadows, eyeliners, kajals, mascaras, and other products come in different colour choices. For instance, kajals and eyeliners often offer classic blacks and browns, while eyeshadows may offer more creative or subtle shades depending on the collection giving flexibility to match different looks and outfits.

- ### Shade Suitability & Adaptability

  Because Lakme's products are formulated with Indian skin and climate in mind, the shades and finishes are meant to look natural, long-lasting, and comfortable under Indian weather conditions. This adaptability makes Lakme a reliable choice for everyday wear as well as special occasions.
